MEMORANDUM FOR: Executive Director-Comptroller

SUBJECT : Suggested Revised Recommendation
on Machine-Assisted Dissemination

REFERENCE : Your Memorandum, Same Subject,
of 28 December 1971

I concur in your revised recommendation on machine-assisted dissemination as contained in your memorandum of 28 December 1971. I would note, however, that by March 1972 those involved would still be in the planning stages for a machine-assisted dissemination program for non-CIA traffic. The program probably could not be implemented until Fiscal Year 1973.
